NUTRIENTS SUPPLIED:

Total Nitrogen (N)..... 10%
Available Phosphate (P_2O_5)..... 18%
Soluble Potash (K_2O)..... 4%

CONTAINS A PROPRIETARY BLEND OF HORMONES

Derived from: ammonium hydroxide, urea, phosphoric acid, potassium acetate, and potassium hydroxide.

Weight: 10.6 lbs. per gallon

vitAliz SILVER

GENERAL PRODUCT INFORMATION:

vitAlize Silver liquid fertilizer is manufactured by utilizing quality raw materials to provide a very agronomically efficient source of N-P-K. The quality of the raw materials used to formulate **vitAlize Silver** liquid fertilizer:

- maximizes plant nutrient solubility
- minimizes salt index
- minimizes equipment corrosion
- allows good cold weather storage
- plant safe at recommended rates

One hundred percent of the phosphate is present in the orthophosphate form that is immediately available for plant absorption and metabolism. During times of limited phosphate and potassium availability (eg: cold and wet spring soil conditions present at planting), **vitAlize Silver** liquid fertilizer provides a phosphate and potassium source that is positionally and nutritionally available.

bio-K®

vitAlize Silver contains NACHURS® Bio-K®: a premium source of potassium fertilizer combined with a natural plant metabolite. It is the most effective and efficient source of potassium. Bio-K® promotes increased plant health and plant vigor resulting in maximum yield potential.

FIRST AID: Please see SDS sheet for more information.

SELLER WARRANTS THAT THE ABOVE PRODUCT CONFORMS TO ITS CHEMICAL DESCRIPTION AND IS REASONABLY FIT FOR THE PURPOSE ON THE LABEL WHEN USED IN ACCORDANCE WITH DIRECTIONS UNDER NORMAL CONDITIONS OF USE (INCLUDING NORMAL WEATHER CONDITIONS). NEITHER THIS WARRANTY NOR ANY OTHER WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, EXPRESS OR IMPLIED, EXTENDS TO THE USE OF THIS PRODUCT WHEN USED CONTRARY TO THE LABEL INSTRUCTIONS OR UNDER ABNORMAL CONDITIONS (INCLUDING ABNORMAL WEATHER CONDITIONS), AND THE BUYER ASSUMES THE RISK OF ANY SUCH USE. STARTER OR FOLIAR APPLICATIONS ARE INTENDED TO SUPPLEMENT EXISTING SOIL FERTILITY PROGRAMS AND WILL NOT BY ITSELF PROVIDE ALL THE NUTRIENTS NORMALLY REQUIRED BY AGRICULTURAL CROPS.

***THESE ARE GENERAL PRODUCT RECOMMENDATIONS. PLEASE CONSULT WITH TRI AG PRODUCTS FOR SPECIFIC FERTILITY RECOMMENDATIONS.**
WARNING: VITALIZE IS NOT COMPATIBLE WITH UAN SOLUTIONS, 28% OR 32%. DO NOT MIX THE TWO PRODUCTS TOGETHER.

IN-FURROW OR 2x2 RECOMMENDATIONS*:

Corn:
3-5 gallons per acre.

Soybeans:
3-5 gallons per acre.

NACHURS®

vitAliz liquid fertilizers are manufactured with NACHURS® premium liquid nutrients. NACHURS imPulse® is the base product for vitAliz. The product line offers the latest technology options on the market for maximizing your crop yield.

NACHURS imPulse® is "PFR PROVEN" with a 3 year return of $17.67 per acre.
